

Weekly Report

Period: 2017/4/3-2016/4/9

Reporter: Li Zongzhuang

Done

1. This week, I finished the structure of deeplearning , and I make some examples about it. Such that the MINST , the ImageNet. Then I learned about translearning. It can be very useflul in the future work.
2. The second thing is I had a interview with Teacher Chen along with the members of the class of dialectics of nature.
3. We organized a team for the competition of Ali Tianchi which is about the medical image.
4. I also make my homework which asked for the classes.

To do

1. I will continue practice the ability about the deeplearning. Especially the translearning.
2. Our team will going to practice the ability about dealing with the image which provided by Ali.
3. The examination is coming , I will prepare well for it.
